

# City of Chicago bans smoking at **ALL** city playgrounds and beaches on **Wednesday, October 17, 2007.**

Violators will be **fin**ed **\$500** on the spot!

Don't let your customers get caught short as their communities continue to pass No Smoking Legislation. Ex-Cell's Smokers' Oasis™ units are in-stock and ready for immediate shipment TODAY!

While the no-smoking ban has been in effect indoors on Chicago Park District property for quite some time, last week's sweeping ordinance extends outdoors to all city beaches and playgrounds. Smokers will still be able to light up in city parks, but at least 15 feet away from playground equipment.
