NEW! BIG GREEN & BIG BLUE with CANOPY

Ex-Cell is pleased to announce the addition of a protective, outdoor canopy to our extremely popular BIG GREEN & BIG BLUE 33-gallon Recycling Receptacles!

Since their introduction in 2008, the BIG GREEN & BIG BLUE Recycling Receptacles have found homes in many cities, villages, municipalities, hospitals and office buildings - to name a few.

By popular request, Ex-Cell has taken a special order protective outdoor canopy top and added it to our product selection as an everyday inventory item.

With all the same great, high-quality features of the RC-33; Flat top with 8" dia waste opening, 33-gal capacity plastic liner, heavy duty feet to protect unit and floor surfaces, decal kit for Paper, Cans, Plastic & Glass - the RC-33C includes a protective canopy with 6½" of clearance for disposal of waste, cans, bottles, etc., while minimizing exposure to rain, wind, blowing leaves, etc.

This unit ideal for high-volume, high-traffic areas such as airports, schools, hospitals and convention centers!

RC-33C

18" diameter by 39½" high

59 lb ship weight

100% Made in the USA

Contains over 30% Recycled Content

ADA Compliant

LIST: \$400.00 each

As always, please contact Ex-Cell with any questions or comments you may have.

Great Selling!
