#### *Dispose of cigarette waste safely!*

- All-steel, fire-safe cigarette butt receptacle will not melt or burn and requires no sand or water.
- Large capacity, 4.5 gallon removable galvanized steel container conceals more than 4-thousand cigarette butts.
- Weather and UV-resistant powder coated finishes clean easily with a damp cloth.
- Sure-fit industrial steel hasp closure secures the top to the base; simply unsnap, lift inner pail using handle and dispose of the waste.
- Three oblong openings at the top are positioned to provide minimal air exchange and help keep rain and trash from being dropped inside.
- Choice of 6 UV-stable TGIC EXL-COAT™ finishes. Ask about our custom finishes!
