# NEW PRODUCT UPDATE!

Due to the overwhelming response since this product was originally announced and broadcast on February 19, 2008, We are please to be sending you this updated Product Specification Sheet which includes images of all five (5) color offerings on this high-quality Stainless Steel Waste receptacle. Please visit our website at [www.ex-cell.com](http://www.ex-cell.com) to download and print PDF copies of the updated sheet for your customers and sales staff!

## INT1531 D-6 SS

- Contains 30% recycled steel, 100% post consumer recyclable!
- 100% Made in the USA
- Best Selling International Collection Receptacles go Stainless Steel!
- Café Style Domed Trash Top with textured finish and 6" opening.
- Attractive brushed stainless steel body is fire safe with a solid bottom.
- 5-Stage EXLCOAT™ Powder Coated lid in textured finish is fingerprint proof.
- Top removes from body for easy empty and cleaning, unlike comparable units which require the entire body to be lifted for emptying.
- Double-beaded base provides additional body strength and stylish lines while the heavy duty, form fitted, vinyl full wrap trim protects both the base of the unit and the flooring.
- 14-gallon capacity, removable galvanized liner with grommet openings for easy lifting.
- Textured finish tops available in Black, Brown, Burgundy, Hunter Green and Indigo
- 15" diameter x 31" high
- Shipping Wt 31.5 lbs

**PERFECT FOR:** Lobby & Reception Areas, Lunchroom, Breakroom, Executive Conference Room, Meeting Rooms, Offices, Mailroom, Restrooms, Executive Dining Room, and much more!

**LIST: \$390.00 each**
