### **Important Information for California Residents re: Proposition 65**

California's Proposition 65 is intended to protect consumers from being knowingly and intentionally exposed to a toxic chemical.

Ex-Cell Kaiser's products are considered business, commercial or industrial equipment. Therefore, contact with one of our products would not constitute a "consumer product exposure" under Proposition 65.

However, please be aware that, by their very nature, some of the materials used in the construction and manufacturing of Ex-Cell Kaiser products may contain a chemical known to the State of California to cause cancer and/or birth defects or other reproductive harm.

We thank you for your interest in Ex-Cell Kaiser products.
