

EX-CELL

KAISER

COLISEUM

RC-IND2

Ex-Cell Kaiser's Coliseum recycling station provides customers with a large capacity, attractive and utilitarian receptacle.

The Coliseum features an intricately cut stainless steel front panel, industrial hardware elements with modern lines, and premium powder coat finish options for the body.

SPECIFICATIONS:

- 86-gallon, heavy-duty indoor two-stream recycling & waste receptacle
- Unit features hinged lid with lift assist cylinders
- Each unit comes with two 43-gallon LLDPE liners with lift holes and bag retention notches
- Pre-applied MOBIUS ARROWS & TRASHMAN decals in cool grey to denote waste stream
- Two beveled, color-coordinated 12" square openings with rounded corners
- Perforated stainless steel front panel
- Flush mounted pocket pull handles on both sides of unit for easier mobility
- Unit sits on four adjustable leveling glides
- Optional casters are available for purchase (sold separately)
- Silk-screened, aluminum plates denoting RECYCLABLES & TRASH are included for lid application
- Contains over 30% recycled materials & is 100% post-consumer recyclable

As a result of our commitment to continuous improvements, occasionally minor changes may be made to our products without advance notice. Such changes are minor and have no effect on the form, fit and function of a product but may result in a minor cosmetic difference. Ex-Cell Kaiser will never mix any products that may have modifications within a single order. Our website will always reflect the most current product image.
